Receive Important Reminders on Your Phone and/or Email

Students and Parents should all sign up for Ms. Glynn's reminders.

What is Remind?
Remind is a free text messaging app that helps teachers, students, and parents communicate quickly and efficiently.

Fast: Messages are sent in real time to an entire class, a small group, or just a single person. You can also schedule announcements ahead of time and attach photos and other files.

Accessible: With Remind, you can send text messages straight to any phone, including flip phones. To reach every family, translate your messages into more than 70 languages before you send.

Effective: Use delivery receipts to see who's reading your messages. If you're organizing an activity like a field trip or event, use Remind to manage the activity and collect funds.

Remind's guidelines, practices, and features have been designed to protect the safety and security of users and their personal information. Remind has been certified by iKeepSafe for privacy practices related to COPPA, FERPA, and California Student Privacy. For more information, please see the Terms of Service and Privacy Policy. Remind is based in San Francisco, CA and is actively used by more than 20 million people.

How do I create an account?
The easiest way to sign up to receive messages for a class is by texting the class code (see codes below) to the phone number 810-10 (for US residents only). The 810-10 phone number is the same for everyone, but the class code is unique to each class. Students and parents don't need smartphones, just any phone that can receive text messages. See below for this year's class codes. Be sure to sign up for the correct class.

If you don't have a phone with text messaging capabilities, then another way that you can sign up to receive messages from teachers (via email) is to create a Remind account by going to the Remind homepage at: www.remind.com or downloading the free iOS or Android app. Then, click on "**Sign up**". To sign up, you'll need to provide a full name, email address, and password. From there, choose your role and follow the instructions to start using Remind.

Class Codes for Ms. Glynn's 2018-2019 Classes:

Reading Class Code: @rdgglynn

English 1 Class Code: @eng1glynn

(Recap of instructions: send a text to phone number 810-10 with the above class code as the message body. Be sure to include the @ symbol as part of the code. You should receive a reply text within a few minutes.)
